PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Paul Rogers Will Speak Here Nov. 19

Congressman Paul Rogers of West Palm Beach will be guest speaker at a public forum to be held in the Community Building at Canal Point Tuesday evening, Nov. 19, under the auspices of the Pahokee Business and Professional Woman's Club, according to plans made at the November business meeting of the club held at the home of the president, Mrs. Allie Okie. Rep. Rogers will speak briefly on recently passed legislation and answer questions from the audience before participating in a round-table discussion of public affairs with a panel. Residents throughout the Glades area are urged to attend.

It was announced at the meeting that the club netted \$65 from the food booth it sponsored at the PTA Halloween Carnival.

Mrs. Alma Farrow reported that Mrs. Okie was nominated for the office of assistant directorship at the recent meeting of B&PWC District Eight.

Mrs. Ann Donehoo and Miss Rosa Biancossa were elected as new members of the club.

Pompano Next On Blue Devil List

Following their 14-13 win over Vero Beach last week, the Pahokee Blue Devils will again face a stern test as they travel to Pompano tonight for a Suncoast Conference game with the Pompano Golden Tornadoes who are tied with Stuart for second place in the conference race.

The powerful Tornadoes have a well-balanced team that is at the top of the league in points scored against opponents in offense and points scored against them by opponents on defense.

Coach Web Pel reports his Blue Devils are in good condition for this contest except for Halfback Wayne Unwin who may be in uniform but won't be able to do much ball totting. Wayne received a painful injury when he wrenched his hip in the Vero game and was laid up in the Everglades Memorial Hospital for treatment until Monday.

Against Vero Beach on Lair Field Friday night the Blue Devils had to play heads-up half all the way to outpoint the Indians who were slightly stronger than Pahokee on the ground but finally were forced to bow to the Blue Devils when Pahokee's aerial attacks started clicking. The Blue Devils' alertness in recovering Vero fumbles to stop the ground attacks of the Indians was also a big help to them.

Pahokee scored in the second quarter when Fullback Richard Weeks bulled his way through Vero's stout defense from the one-foot line after Tackle Willie Veal recovered an Indian fumble on the Pahokee 41 and two pass plays from Quarterback Richard Shackford to End Alvy Early for 28 yards helped set the stage for the TD. Weeks also made the extra point with a line plunge.

The Blue Devils' other TD came in the third quarter after Vero's (continued on page 2)

Fire Damages Old School Gymnasium

A fire of undetermined origin started in the shed next to the Pahokee High School gymnasium late Monday afternoon and caused damage to the gymnasium estimated at between \$10,000 and \$15,000. It also destroyed athletic equipment valued at \$1,500, according to Principal Brooks Henderson. The Pahokee Fire Department soon had its equipment at the scene and brought the blaze under control without incident.

Plans for the disposal of the old gym have not been announced by school officials but it is believed it will be converted into a band building.

Pahokee PTA Meet Held Monday Night

Special Service Officer Jack Walden of the Florida Highway Patrol was guest speaker at the November meeting of the Pahokee Parent-Teacher Association held Monday night in the high school auditorium with Mrs. Jack Vandegrift, Jr., president, presiding. Officer Walden spoke on and showed a film relating to "Highway Safety." He was introduced by Mrs. Elsworth Keen.

Upon recommendation of the executive board the group voted for PTA to purchase two new ventilating fans for the school; also to purchase lumber for the building of book shelves for the rooms of the first three grades at the elementary school.

PTA yearbooks were distributed at the meeting by Mrs. Jack Phillips, program chairman, who was assisted in preparing the books by Mrs. E. L. Pope and Bob McQueen. The monthly attendance awards were won by Mrs. Tommie Lee DuBose's sixth grade room at the elementary school and by the eighth grade, Mrs. Loula York and Robert Maxson, faculty sponsors, at the high school.

The Pahokee Girl Scout Troop made up of eighth graders was in charge of the opening ceremonies, including the presentation of the colors, pledge to the flag and leading in the singing of "America the Beautiful." Scout Bonnilu Lair gave the invocation and a trio of Scouts, Alice Hurt, Patsy Keene (continued on page 2)

Little Blue Devils Win 1 Game This Fall

The Pahokee Junior High football team was defeated by the Stuart JV's, 16-13, at Stuart Tuesday night in the final game of the season.

Pahokee's sensational scatback, Morris Kennedy, made both of the baby Blue Devils' touchdowns with 35 and 31-yard runs. Douglas Blanton went through the line for the extra point.

The Pahokee JV's did not enjoy a very successful season as their only victory was in the opening game against Clewiston. The bright spot in all of their games was the speed and effective ball carrying of Morris Kennedy who was able to consistently gain ground even when the defending team ganged up on him.

Our Congressman's New Transportation

Congressman Paul G. Rogers announced today that he is supplementing his Sixth District Office in West Palm Beach by establishing a mobile office and intends traveling over the entire eleven counties which comprise the Congressional District represented by him in Washington. The Congressman stated that he anticipated he would be able to meet and talk with a greater number of people by bringing an office to them.

The first stop to be made with the trailer will be in Okeechobee on Tuesday, November 12, where the Congressman will be during most of the day. On November 13 he will be in Stuart, where the mobile office will be in the vicinity of the court house and city hall during the morning hours and in the afternoon will be in the Jensen Beach area. On November 14 the mobile office will be in Belle Glade at the city hall and later that afternoon in Lake Worth, Florida. On November 15 the Congressman will accompany his mobile office to Hallandale, where he will be the

principal speaker at the Hallandale Chamber of Commerce breakfast meeting. This meeting is in conjunction with the Mobile Homes Show of Florida being staged in Hallandale.

The mobile office will then move to Fort Lauderdale and be in that vicinity, returning to Delray Beach and West Palm Beach that night. Congressman Rogers advised that he will publish the itinerary of the mobile office from week to week and hopes to be able to visit populous areas in Broward and Palm Beach Counties, taking the office to shopping centers throughout these two counties.

The Congressman stated that the next session of the 85th Congress would probably be one of the most important sessions in the history of our country and that he is anxious to obtain the personal views of as many of the people as he can reach, and for this reason he is trying to bring his office to the people, realizing that many of them certainly cannot make a trip to Washington to talk to their Congressman.

TURKEY DINNER

The Board of Christian Education of the Pahokee First Methodist Church was host at a turkey dinner held in the social hall of the church Wednesday evening for teachers and officers of the Church School and members of the Workers' Council.

Brown's Farm Road Bids On Nov. 25th.

Bids will be received in Tallahassee on Tuesday, Nov. 26 for rebuilding Brown's Farm Road Near Six Mile Bend, according to County Commissioner Paul Rardin who had the construction job placed in the 1957-58 State Road Department program.

Commenting on the proposed rebuilding job, Commissioner Rardin said: "Here in the Glades we are happy that this important stretch of road will soon be rebuilt. This rebuilding job calls for a piece of road—4.5 miles—to be torn up, new rock added and a new surface put on."

Brown's Farm road carries hundreds of thousands of packages of vegetables each year to SR20 where they then go to the packing house center in Belle Glade. Rardin said estimated cost of the job has been set by SRD at \$95,000.00.

CHICKEN SUPPER

The Church of God of Prophecy will have a chicken dinner at the Community Building, Friday, November 15th starting at 6:30 p. m. Everyone invited to attend.

Election Workers School Suggested

The need for an expanded educational program for training election workers has been suggested to the county commission by Dewitt Upthegrove, county registrar.

Upthegrove said changes in election laws makes it necessary that poll workers be fully informed in order that questions of law will not arise on election days.

The board suggested that Upthegrove put his ideas in writing so that they can be considered by the county commission. The board agreed that an effort should be made to establish an adequate training program.

Upthegrove also asked the commission that some study be made of changing the court house telephone system particularly on election days when poll workers use the phones to call in returns. With the court house switchboard out of action, Upthegrove said it is difficult to get all calls through.

The commission asked County Engineer Steve Middleton to work out a plan of keeping the switchboard open after hours on election days.

The registrar's comment on the switchboard brought strong support from Commissioner Paul Rardin who described the new installation as a "grand mess." He declared that under the new system it takes four times as long to get a call through the switchboard. The old system of private phones in each office was better, he said.

Bids Are Rejected By City Council

The Pahokee City Council in regular session Monday night opened bids for the construction of rest rooms and a sewage disposal system to furnish sanitary facilities for Pahokee Harbor. Since the two bids submitted, those of David Unwin, for \$9,497, and Wiley Tillis, for \$10,944.80, were out of line with the \$5,700 earmarked in the current city budget for this construction project, it was voted to reject both bids.

Council President John C. Hutton appointed a five-man committee to confer with the County Board of Health to determine whether or not plans for the sanitary facilities project could be altered to lower the cost to meet the budget estimate. On the committee are Councilmen George Tucker, Jr., and Loren Meredith, Building Inspector Frank Thompson Dr. R. C. Lane, president of the Junior Chamber of Commerce, and William Weathers president of the Pahokee Marina Corp.

The Council instructed the Sanitary Department to take immediate action in the collection of delinquent garbage taxes.

It was voted to use the Bank of Pahokee as a depository for city reserve funds on a time deposit basis, the funds to earn a two percent interest per annum.

It was announced that at the Nov. 25th meeting the Council will adopt the 1957 city tax roll, receive reports from department heads on salary raises for employees anticipated in the current budget, interview applicants for the dog catcher job and decide whether to allow benches to be placed on sidewalks in the business section again.

Dulanys Going Be Missed In Pahokee

Pahokee and Canal Point community are losing a couple of folks. Mr. and Mrs. John A. Dulaney to the neighboring city of Belle Glade. They will be missed by every body in the community. Mr. Dulaney has been named manager of Lake Shore Growers in Belle Glade and it is almost necessary that he live nearby in order to operate the business.

The Dulanys have not closed their home in Pahokee. However, they have taken an apartment in Belle Glade and in the future it will not be necessary for Mr. Dulaney to drive the distance from Belle Glade to Pahokee for his meals. The home in Pahokee will be maintained for the time being and used on week ends. They have a daughter, son-in-law and grandchildren in Belle Glade—Mr. and Mrs. Sydney Smith and children who live close by their apartment.

Mr. Dulaney, a former mayor of Pahokee and past president of the Rotary club, tendered his resignation in the club last week. The hundreds and hundreds of friends of the Dulanys in this immediate area will be happy to know that they will be no farther away than Belle Glade. Phillip, their son, is in school this year at Marion Institute Marion Ala.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The county commission this week ordered condemnation proceedings to acquire all right of way needed for improvement of U. S. Highway 1 between Delray Beach and Boynton Beach.

The board has already secured some of the right of way on recommendation of County Engineer Steve Middleton, instructed the attorney to start proceedings in court to procure the remaining land needed.

In another action on county roads, the board voted again to ask the state road department to leave a portion of the Loxahatchee Bridge, which is now being replaced, in fact for use as a fishing pier. The commission, more than a year ago, asked the road department to remove the center portion of the old bridge and leave parts of the span in place for fishermen—sections which will jut out from both sides of the river.

The bridge is being replaced with a new span on Highway 1.

In other actions this week, the commission:

Set their next zoning meeting for November 22.

Adopted a resolution setting November 14 as Transportation Day.

Authorized Frank Sakser, county airport director, to attend three meetings for hearing on a petition of Capitol Airlines for bringing additional service to Palm Beach County.

Voted a letter of appreciation to 44 insurance firms which declined to charge the county any insurance premiums for extension of policies while new insurance bids were being received by the commission.

Awarded the county's liability and property damage insurance to the James K. Eibrecht agency in Palm Beach for \$7,864 for three years.

A check of operating costs for the county stockade was voted this week by the county commission following a motion by Commissioner Paul Rardin.

Rardin, after checking September and October operating cost sheets which showed an increase in prisoner work day expense, asked that an investigation be made in an attempt to get expense down to what the commissioner termed a "reasonable cost."

September's report showed the work day cost to be \$4.55 per man. In October it was \$4.84.

Cinematic Chatter

By Malcolm Miller

Hello everybody! Katy Jurado sprang into prominence with her performance as a Mexican spitfire in "High Noon." Katy's personality is as expansive as her square moniker, which is Maria Cristina Estrella Marcela Jurado Garcia. She was born in Mexico of a well-known family which once owned most of what is now called Texas. Katy was brought up on her father's cattle ranch, where she learned to ride and shoot like a boy. She is Mexico's leading film star, and has appeared in about twenty pictures in her native land. Take, for example, the way she got her role in "High Noon." Approached by the producer by mail, she wrote back to him, telling him she would play the role, but would not under any circumstances take a screen test. After all she was a star in her own right, was she not? As for English, of course she spoke English. And so she demonstrated on her first day on the set in Hollywood. Asked to speak English, she promptly obliged with every word in the language that she knew at the time: "If you drive don't drink, if you drink don't drive." But it's a fair measure of Katy's drive and determination that, in an astonishingly short period of time she learned the language quite thoroughly—with a fetching Mexican accent, to be sure—and went on the "lay 'em in the aisles" with her torrid performances. See you at the movies—Mal.

Four Circles In Joint Meeting

The four circles of the Pahokee Baptist Woman's Missionary Union met jointly in the recreation hall of the church for a missionary study of Africa. The hall was decorated with various objects in keeping with the study theme.

Mrs. U. W. Malcolm of Belle Glade reviewed the book, "Continents in Commotion," which dwelt on the historical, cultural, educational and religious background of Africa. Mrs. Clyde Parrish, president of the Belle Glade WMU, was introduced as a guest.

Following the study refreshments were served by Mrs. W. H. Kemp and members of her social committee.

Quarterback Cal Cox bobble a punt that went out of bounds on the Pahokee 49. On the next play Shackford tossed to Early who connected for the extra point that spelled victory with a thrust through the line.

Another Pahokee TD by Wayne Elliott from the Vero 9 in the third quarter was nullified by a penalty against the Blue Devils. In the final moments Pahokee's only sustained ground march of the evening carried them from their own 27 to the Vero 3 as the game ended.

Mrs. T. H. Abbey has returned to her home in Pahokee from a visit with her niece in Tampa.

and Bonita Lait played piano selections. Troop members also served as ushers. Mrs. Glenn Sawyer and Mrs. R. F. Hurt are co-leaders of the troop.

Mrs. J. M. Pipkins, hospitality chairman, and her hostess committee were in charge of the serving of refreshments following the meeting.

Lions Hear Junior College Speaker

The Pahokee Lions Club had as a guest speaker at the Tuesday luncheon meeting Dr. Harold C. Manor, assistant to the president of the Palm Beach Junior College, who spoke on the scope of the educational program at PBJC. He was introduced by Henry Earwood of Belle Glade, chairman of the County Board of Public Instruction, who was a luncheon guest together with Thurmond W. Knight of Pahokee, a member of the County Board, and A. R. Harrington of Canal Point, school trustee. M. P. Stanley was in charge of the program arrangements.

Service Officer To Visit Glades

L. V. McClelland, County Service Officer for Palm Beach County, has invited A representative of the Florida Department of Veterans Affairs as a consultant on special problems involving Veterans and their dependents. Appointments for consultation with this representative may be made by contacting the veterans service in either Belle Glade or Pahokee.

John F. Baxter, assistant state service officer of the Florida Department of Veterans Affairs, will be in the Veterans service Office in Belle Glade, Monday, November 18th, from 3:00 p. m. until 5:00 p. m. and in the veterans service office at Pahokee, Tuesday, November 19th, from 8:30 a. m. until 11:30 a. m.

Those veterans and their dependents who have special or unusual problems, are urged to take advantage of this opportunity to receive expert help and advice. This is a free service.

Miss Judy Shackford, who is employed in Miami, spent the weekend in Pahokee with her parents, Mr. and Mrs. Bill Shackford.

Mumsey Is Named Zoning Director

The county commission this week gave formal approval to a committee recommendation which named Bernard Mumsey, county zoning director to succeed G. M. Schultz, resigned.

Mumsey was picked for the job by a committee which included Schultz, County Commissioner Roy Michael and County Engineer Steve Middleton. The appointment will become effective December 1.

Mumsey moved up to the job from assistant director—a post that will be kept open indefinitely, according to the committee.

FASHION SHOW

A fashion show was presented by Sue Kaufman and Mrs. R. D. Sappington at a meeting of the Beta Omicron Chapter, Beta Sigma Phi Sorority, at the home of Mrs. C. E. Williams with Mrs. Lois White, president, presiding. Mrs. David Unwin was in charge of program arrangements.

Thomas Handley, a former Pahokee resident now living in West Palm Beach, is a patient at St. Mary's Hospital in that city.

Pick your savings target and shoot straight for it!

A home . . . financial security . . . a business of your own. Important savings targets like these cost money—a substantial sum—and more than most of us have. But here's a sure way for you to score a bull's-eye and walk off with the big prize you want.

The secret of saving is system. And the simplest, most automatic saving system ever devised is the Payroll Savings Plan. Best of all, you do more than save through Payroll Savings. You invest your money, too, and make it grow. Here's how it works:

Tell your company pay office how much you want to save each week. Then each pay period that amount will be put aside for you before you have a chance to spend it. Your money will go automatically into U. S. Series E Savings Bonds.

Because Savings Bonds earn good interest—3% compounded semiannually when held to maturity (9 years and 8 months)—they're soon worth much more than you've invested in them. And your Bonds will continue to pay this same good interest as long as 19 years and 8 months. That means a return of up to 80% more than you originally paid.

And remember this. There's no guesswork or chance about the Payroll Savings Plan. It's absolutely safe and sure. Invest just \$7.50 a week. In 5 years you'll have Savings Bonds worth \$2053 in cash; in 10 years, \$4448.

Even if you've never been able to save before, this plan is guaranteed to work for you. So sign up today for Payroll Savings where you work—or invest in Bonds regularly where you bank.

For the big things in your life, be ready with U. S. Savings Bonds

Donna Gail Jensen Weds Lt. Geckler

The wedding of Miss Donna Gail Jensen, daughter of Mr. and Mrs. Edward Axel Jensen, 905 East Main St., Pahokee, and Lt. Jack William Geckler, U. S. Air Force, Laredo, Texas, son of Mr. and Mrs. William H. Geckler of Belle Glade, was solemnized in a candlelight ceremony at the First Methodist Church in Pahokee Saturday, Nov. 9, at 5:30 p. m., with the Rev. Wayne Owens, pastor, officiating. The program of nuptial music was presented by Mrs. Hugh H. Branch, vocalist; Miss Jan Plumer and Mrs. Sydney K. Smith, Jr., of Belle Glade, organists.

Given in marriage by her father, the bride was lovely in a waltz-length gown of blush pink silk peau de soie and alencon lace made on princess lines with scoop neckline and tiny short sleeves. The bouffant skirt lay in folds at the back to form a bustle. Her tiered silk illusion veil was attached to a matching pillbox of fine alencon lace with pearl embroidery. She carried a classic arm bouquet of pink briarcliff rosebuds centered with an open red rose and backed with a white handmade handkerchief, a gift of a friend from Brussels.

Miss Margaret Lynn Shirley, maid of honor, and Miss Altam Vinton of Miami, bridesmaid, were dressed alike in deep rose, waltz-length gowns of sheer nylon over taffeta with three-quarter length sleeves and featuring a wide cummerbund of satin with bustle effect in the back. They wore satin shoes and hats to match and carried arm bouquets of pink rosebuds with an open rose of same color in center. Single strand pearl necklaces, gifts of the bride, were their only jewelry.

Nana Lindrose, a cousin of the bride, as flower girl wore a gown of pink taffeta with short sleeves, full-gathered skirt and a wide sash of deep rose tied in a bow at the back. Around her neck was a single strand of tiny pearls, a gift from the bride.

David Jensen of Homestead was Lt. Geckler's best man. Ronnie Geckler, brother of the bridegroom, Ken Graves of Homestead and John Hughes of Miami served as ushers.

Mrs. Jensen chose for her daughter's wedding a sheath dress of pink lace over taffeta with a lace panel in the back and taffeta headpiece embroidered with seed pearls. Mrs. Geckler, mother of the bridegroom, wore a dress of blue lace over taffeta with blue accessories. Both wore corsages of red roses.

Mr. and Mrs. Jensen were hosts at the reception at their home following the ceremony.

After a wedding trip Lt. and Mrs. Geckler will be at their home 2402 Santa Barbara St., Laredo, Texas, after Dec. 15.

Mrs. Geckler is a graduate of

Pahokee High School, Class of 1954 and was graduated from the Jackson Memorial Hospital School of Nursing, Miami, in 1957.

Lt. Geckler graduated from Redlands High School in 1950 and received a bachelor's degree from the University of Florida in 1954. At present he is a flight instructor at the Laredo Air Force Base.

Drop In A Dime, Out Comes Coffee

An innovation in coffee making in the Glades farming area has been installed at Wade Ammons' Quality Market one mile north of Canal Point. It is an automatic coffee making machine into which you insert a dime and out comes a steaming cup of coffee.

You can get your favorite drink in five different flavors, straight black, with cream, with sugar, with cream and sugar or with cream and two sugars. Make it light on yourself. The machine also serves hot chocolate, if you like that.

Mr. Ammons had the automatic machine installed last week and says that since it is in plain view on the front porch of the store it has drawn a lot of favorable comment and patronage. It works a whole lot like a soft drink dispensing machine and will give you proper change for a quarter if you don't happen to have a dime. The Ammons machine is one of four recently installed in the Lake Region. The same type machine has been in operation on US 1 on the East Coast for couple of years.

CARD OF THANKS

I wish to take this opportunity to thank the many friends and neighbors who were so kind to send me flowers and books during my hospitalization. I want to especially thank the Methodist and Baptist Churches of Canal Point and their pastors for the love gifts which aided materially. My mother and family join me in saying thanks. May God bless each and everyone of you.

**Make your dream house come true! It's easy
—through Payroll Savings!**

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a house or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Series E Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—Join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

If you want your interest as current income, ask your bank about Series H Bonds, which pay dividends annually by Treasury check.

Holiday House For Yule Season

Plans for the "Holiday House" program which the Pahokee Garden Club will sponsor during the Christmas holiday season were discussed by members of the club's executive board at a meeting at the home of Mrs. J. T. Platt this week with Mrs. O. R. Bleech president, presiding.

Progress was reported in the making of decorative articles at the club's workshop in the Shaugnessy Apartment, these articles to be offered for sale at Holiday House. It was also reported the club has ordered 1,014 pounds of fruit cake for sale both at Thanksgiving and Christmas time.

Club members and their husbands were urged to accept the invitation of the Pahokee Business and Professional Woman's Club to hear Congressman Paul Rogers at a public forum in the Community Building at Canal Point Tuesday evening, Nov. 19.

Christian Science Group Of Canal Point

The scientific basis of immortality will be brought out at Christian Science services Sunday. Scriptural selections to be read from the Lesson-Sermon entitled "Mortals and Immortals" include the following (Proverbs 12:28): "In the way of righteousness is life; and in the pathway thereof there is no death."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be used the following (267:3-5): "The offspring of God start not from matter or ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue."

The Golden Text is from II Corinthians (5:17): "If any man be in Christ, he is a new creature: old things are passed away; behold, all things are become new."

Fortune Telling Gets Negative Vote

The art of fortune telling or palmistry will never win the support of County Commissioner Paul Rardin.

Rardin this week declined to lend his support to an application for a palmistry license which came before the board. He further added that the clerk could cast his vote as negative for all future requests of this nature.

"I don't believe these people can do the things they claim," Rardin said. "I can see no reason to vote for something that will flim flam the public."

\$275 Realized For Sight Conservation

The Canal Point Lions Club netted \$275 from the old-fashioned box supper and social which was held in the Community Building Monday evening, this sum to be used in sight conservation and other public service projects of the club, according to President J. W. Repper.

John A. Dulany served as master of ceremonies and auctioneer at the supper. On the program of entertainment, Miss Lois Rosenberg, a pupil of Betty Mitchell's Dance Studio, gave dance interpretations and Kenneth Williamson, Pahokee High School Senior played the Spanish guitar and sang. Special prizes were awarded to Mrs. Nell Hooks and Mrs. Joe Repper.

Mr. and Mrs. Raymond Isenberg of Huntington, Pa., were among the out-of-town guests.

It Is Unlawful For Any Person Or Persons To Engage In Business Under A Fictitious Name Unless The Name Is Registered

The fictitious name statute was recently changed by the 1951 Legislature and the News has the necessary forms for proper registration and advertising.

The charge for advertising the notice the necessary four times is \$15.

As amended by the 1951 session, the law reads as follows:

"It shall be unlawful for any person or persons, as defined herein, to engage in business as herein defined, under a fictitious name as herein defined, without and unless said fictitious name shall be registered with the clerk of the circuit court of the county where the principal place of business is, which registration shall consist of filing with the clerk aforesaid an affidavit signed by all interested persons, stating under oath the names of all those interested in the business enterprise, the extent of the interest of each, and the fictitious name under which said business is carried on. Said registration may not be made until the person or persons desiring to engage in business under a fictitious name shall have advertised his or their intention to register said fictitious name at least once a week for four (4) consecutive weeks in some newspaper as defined by law in the county where said registration is to be made, and said registration shall not be accepted by the clerk of the circuit court except upon receiving proof of such publication."

*Uncle Sam made the bonds you own
an even better bargain!*

Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25c a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,367.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid
your interest as current income—
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$30,000.

Now even better! Invest more in Savings Bonds!

March Of Dimes To Raise Millions

WEST PALM BEACH—A national fund goal of \$4,900,000 for the January March of Dimes, primarily to support rehabilitation for thousands of disabled polio victims, has been disclosed here by Lake Lytal, Palm Beach County's chairman for the coming campaign.

Chairman Lytal represented the county chapter at a recent meeting at New Orleans where top

leaders of the National Foundation for Infantile Paralysis drafted plans for the coming March of Dimes.

Dramatic new advances in the field of rehabilitation, Lytal said, now make it possible for many persons whose horizons once stretched no further than a wheel chair or an iron lung, to return to useful daily living.

"Survival is not enough," Lytal declared, "for the thousands of post-acute polio patients in the United States—many of them here in our own county."

"We cannot allow these handicapped people to be cast aside, to

live out their lives in hopelessness; we must bring them back into the community and into its life. That is the reason, returns from the coming March of Dimes will be channeled into a rehabilitation program," Lytal said.

He added, "rehabilitation is long drawn-out, expensive and becoming more costly each year. The 3,100 local chapters of the foundation now are spending 90 percent of their funds for patients stricken before 1957, even though the Salk vaccine has drastically reduced the number of cases this year."

In addition to the costly care program, the March of Dimes will

seek continued support for its professional education program which has already given training to more than 6,000 doctors, nurses and therapists.

Plans for an expanded research program are also part of the drive, Lytal said.

"Over the last 20 years so many leads into the unknown of science and disease have been uncovered that the National Foundation, which sponsored the Salk vaccine program, plans to expand its research effort and to enlarge studies in the virus field," Lytal said.
